SKILLS

- **Frontend Development:** HTML5, CSS3, SASS Bootstrap, Tailwind CSS, JavaScript, React JS, React Native
- **Tools:** GitHub, Postman
- **Other Skills:** C++, JAVA , C# , Responsive Design, API Integration

EXPERIENCE

NAVTTTC (National Vocational and Technical Training Commission)

Islamabad, Pakistan

Internship: Front-End Engineer

OCT 2024 - Present

- Transformed design concepts into interactive and responsive features, optimizing user experience using **React Native**.
- Implemented seamless API integrations, enabling dynamic content updates and enhancing user engagement.
- Developed the Final Year Project (FYP) app [FIT ROUTE APP](#) and successfully updated the APK file.

PROJECTS

GYM Project

- Designed and developed a responsive gym website using HTML, CSS, and Bootstrap, ensuring compatibility across multiple devices and screen sizes.
- Implemented intuitive navigation and user-friendly layouts for key pages such as Home, About, Services, and Contact Us, enhancing accessibility and user engagement.
- Applied best practices in front-end development, ensuring a modern, polished user experience.

Top Skills: HTML, CSS, Bootstrap | [Gym Project](#)

TRAVEL AGENCY Project

- Created a visually compelling travel agency website featuring essential pages like Location, Benefits, and Contact Us to provide comprehensive user information.
- Designed a responsive layout that adapts seamlessly across devices, boosting user engagement and experience.
- Integrated Bootstrap's grid system and front-end best practices to achieve a professional, branded design.

Top Skills: HTML, CSS | [Travel Agency Project](#).

TODO LIST Project

- Developed a feature-rich task management app using React.js, enabling users to add, edit, and delete tasks with ease.
- Implemented a search filter and task-removal functionality, enhancing usability and efficiency.
- Utilized local storage to persist user data, showcasing skills in state management and React's data-handling techniques.

Top Skills: React JS | [Todo List Project](#).

DASHBOARD Project

- Built a data-driven dashboard application using React.js and Tailwind CSS, featuring interactive components for improved user experience.
- Ensured a responsive layout using Tailwind CSS, optimizing it for various screen sizes.
- Employed React.js state management for seamless user interactions and efficient application performance.

Top Skills: React JS and Tailwind CSS | [Simple Dashboard Project](#).

EDUCATION

Bachelor of Science in Computer Science, PIR MEHER ALI SHAH ARID Agriculture University

GPA: 3.02
